FOR IMMEDIATE RELEASE  
June 2008

## **NEXUS ISR AND NEW YORK BUS SALES TO PRESENT BUS-BASED STUDENT WI-FI AND TRANSPORTATION GPS TRACKING SOLUTION**

Albany NY: Nexus iSR, LLC and Track Star International, Inc. will attend the New York Association of Pupil Transportation's 50th Annual Meeting in Albany, NY as a guest of Presidential Sponsor, New York Bus Sales. New York Bus Sales is one of only three Presidential Sponsors. The annual meeting will be held July 12th-16th.

"School administrators can both graphically manage their fleet vehicles by GPS and provide students with the same safety-filtered, secure Wi-Fi Internet service that they have access to in school - while they are on the bus", said Gary Boone, Spokesman for Nexus iSR. "Students can complete on-line work assignments while traveling to-and-from school or school related functions." The NYAPT meeting will provide the opportunity to demonstrate these capabilities.

**About Nexus iSR**

Nexus iSR, LLC is a Rochester NY based high-technology engineering and manufacturing company, specializing in providing information securely and reliably across public and private wireless broadband networks, satellite circuits and cabled networks. Its flagship product, the Nexus Hawk™ mobile router/gateway, can provide secure, fail-over connectivity across multiple networks including those mobile wireless broadband services sold by AT&T, Sprint, Verizon, BGAN satellite circuits and private EVDO and HSDPA networks.

**About New York Bus Sales**

Founded in 1975 in Chittenango, a suburb of Syracuse, NY, New York Bus Sales LLC has grown to be one of New York State's largest authorized dealers of Blue Bird brand school buses, as well as Goshen and Turtle Top commercial vehicles. From customized 15 passenger van alternatives to utility and luxury commercial buses, we have a transportation solution to fit your needs and budget and we're not only equipped to sell, but service as well. Expert mechanical and collision repairs, custom metal fabrication, paint & body work and state of the art graphics. With over 30 years of experience in bus sales and maintenance, New York Bus Sales can easily satisfy all your bus needs.

**About Track Star International**

Track Star is a leading producer of unique systems that enhance the effective management of vehicle fleets. Founded in 2000 and headquartered in New Hartford, NY, Track Star produces Automatic Vehicle Location (AVL) software products designed to provide the functionality required for fleet operators of all types to maximize the efficiency, safety and security of their fleets and personnel. Track Star's AVLS products employ state of the art technology in Global Positioning Systems (GPS), wireless communications and digital computer mapping.
